About Clinton Medical Clinic

As one of the premier independently owned practices in North Carolina, Clinton Medical Clinic is large enough to offer financial stability, but also provides more flexibility and autonomy than a larger health system.

Since its inception in 1969, CMC has established a strong reputation for providing quality-driven comprehensive care to the residents of Southeastern North Carolina. Under the leadership of a talented and innovative group of physicians, CMC has developed and sustained a culture of excellence with accomplishments recognized at both the State and National levels. Over the past 50 years, five of our physicians have been named North Carolina Family Physician of the Year by the North Carolina Academy of Family Physicians.

In addition to our 10 physicians, the practice employs 3 family nurse practitioners, 3 pediatric nurse practitioners and 1 physician assistant.

CMC offers a significant number of in-house ancillary services including a comprehensive laboratory, CT, x-ray, bone densitometry, nuclear cardiology, ultrasound, echocardiography, cardiac event monitors, and spirometry.

About Clinton, NC

Our safe, family-oriented community presents a relaxed environment where you can comfortably walk around historic downtown, peruse local boutique stores and art galleries, and dine at locally owned restaurants. Spend free time playing a local golf course or in active sports leagues, enjoying our local community theatre productions, or attending an array of city-sponsored social events and festivals. Many of our professionals are also active members of numerous community and volunteer organizations. Want a weekend getaway? Living in Clinton allows convenient access to the beautiful port-city of Wilmington (60 miles), state capital of Raleigh (60 miles), world-class golf resort, Pinehurst (90 miles), and several NC beaches (60-90 miles).
